Event Description

Are you looking for a meaningful way to make a difference in the lives of homeless veterans and men? Join us for our Walk in the Woods and take a step towards positive change in Middle Tennessee. Every day, there are men facing the harsh realities of homelessness. By walking with us, you will help raise awareness and funds to support those working through adversity to chart their personal path out of homelessness.

The Walk takes place on May 4 at Edwin Warner Park, starting at Shelter 5. The event is dog and family-friendly and the route features all paved roads (bring your strollers!). Registration is FREE and open to the public, so there is no entry fee or minimum donation amount to participate. Walkers who donate or raise a minimum of \$50 will receive a t-shirt, and we encourage you to create or join a team with a fundraising goal to increase your impact. Even if you can't attend, it's a great opportunity to register and spread the word about our work and mission!

About Matthew 25

About

More than a shelter, Matthew 25 is a Nashville-based, residential facility that provides Housing, Help and Hope to veterans and homeless men in need. Our service-intensive transitional housing program offers a safe, sober and supportive living environment for men wanting to turn their lives around. Specifically, we provide men comprehensive supportive services that enable them to return to independent living and obtain employment. In addition to beds and meals, we bridge the gap from homelessness to permanent housing by providing case management, employment and housing placement assistance, substance abuse recovery support, as well as life and social skills development and training.

Our Mission

We are determined to alleviate homelessness by providing the resources for men to build a foundation on which they can transition to self-sufficiency. We recognize that these men have a need for structure, accountability, and ultimately hope for a brighter future. Our goal is to provide men the chance to escape the vicious cycle that is homelessness and addiction, helping them to become fulfilled and productive members of society.

Our Inspiration and Vision

Matthew 25 draws deeply from the life and teachings of Christ. Our work and mission are founded on His lessons of love, compassion and hospitality. It is out of a conviction in these teachings that we seek to offer Christ-centered care to our brothers facing the despair and hardships of homelessness, addiction and poverty. We believe that all men deserve a chance to recapture fulfillment, happiness and independence, and we see Matthew 25 as an all-encompassing oasis for men in need of a fresh start on life.

The Community Problem

It's no secret that Nashville has been booming for many years. As Nashville continues to grow, the cost of living rises, making it difficult for many to attain permanent housing. This is especially true for veterans who struggle to maintain employment due to disabilities, chronic medical conditions, substance abuse or poor mental health. Studies show that veterans are more likely to become homeless than the general population, as the barriers they face can result in a vicious cycle that leaves them with nowhere to turn.
